

CITY OF CORAL GABLES, FLORIDA

RESOLUTION NO. 24481

A RESOLUTION SETTING FORTH PROCEDURE AND AGREEMENT TERMS FOR HANDLING REQUESTS FOR SEWER CONNECTIONS FOR: (1) PROPERTY OUTSIDE SANITARY SEWER DISTRICTS BUT INSIDE THE CITY; AND (2) PROPERTY OUTSIDE THE CITY AND SUPERSEDING RESOLUTION NO. 23671 WHICH IS HEREBY RESCINDED.

BE IT RESOLVED BY THE COMMISSION OF THE CITY OF CORAL GABLES:

That effective as of the date of this resolution, the procedure and agreement terms for handling requests for Sewer Connections for: (1) property outside sanitary sewer districts but inside the City; and (2) property outside the City shall be as hereinafter set forth, and thereby superseding Resolution No. 23671 which is hereby revoked, repealed and rescinded.

STEP I - PROCEDURE The applicant shall make a written preliminary request to the Public Works Director for the proposed outside sewer connection, with the understanding that each outside connection may or may not be allowed based on the merit and feasibility to the City in permitting said outside sewer connections. The City will favorably consider only those applications which will not jeopardize any potential future connections by residents within the City. The written preliminary request shall include the following information before processing is initiated.

1. Name of applicant.
2. Address of applicant.
3. Telephone number of applicant.
4. Address of property to be connected.
5. Legal description of property to be connected.
6. Letter from each government agency having jurisdiction where applicant's property is located, stating that connection to the City sewer system is acceptable.
7. Proposed maximum, minimum, and average design sewage flows from said outside connection, calculated and submitted in writing by a registered civil engineer currently licensed to practice in the State of Florida.
8. A preliminary sketch showing the applicant's property boundaries the initially anticipated route of connection through the City, and the point of connection within the City.

Upon completion of the foregoing Step I review by the Public Works Department, the Director of Public Works shall advise the applicant of the Step I review results in writing.

STEP II - PROCEDURE If the Step I review is positive, or if the Step I review is negative but the applicant wishes to appeal to the City Commission, the applicant shall purchase from the City Clerk's office copies of the City Code Chapter 26, "Sewer Systems", Resolution No. 22601, and any other ordinance or resolutions pertinent to the City's Code Chapter 28, with the agreement terms for outside sanitary sewer connections, as herein-after set forth.

Agreement Terms An applicant/customer for a sanitary sewer connection for property (1) inside the City but outside existing sanitary sewer districts, or (2) outside the City, shall expressly agree to the following:

1. To pay a connection fee of \$1,000.000 per 1,000 gallons per day of peak demand, paid concurrently upon signing this agreement. The connection charge shall be made on the basis of an agreed upon estimated gallonage, which shall be subject to review at any time after six months: usage and the final connection cost shall be adjusted to reflect actual usage if greater, but in no

case less than the amount originally charged. An alternate method of payment for such sewer service connection charges may be granted whereby, in lieu of paying connection charges at time of execution of the customer agreement, the applicant or customer may be agreed upon between the City Manger and the customer, guaranteeing installment payments of said service connection charges.

2. To comply with all conditions set forth under Chapters 26 and 28 of the City Code, Resolution No. 22601, and any other pertinent ordinances or resolutions, copies of which the appilcant/customer has reviewed and fully acknowledged by agreeing hereto, except that rates applied to connecting outside the City shall be 75X greater than the rates applicable to the same connection within the City. If the connection lo outside existing sanitary sewer districts but inside the City, the 75X additional rate shall not apply.
3. To the billing and collecting of sewer service charges as determined by the City of Coral Gables. Other agencies, for example the Miami-Dade Water and Sewer Authority, may be designated by the City to bill and/or collect sewer service charges. Sewer service charges shall be due within ten (10) days of receipt of billing by the customer. If the sewer service charge remains unpaid 30-days after due date, the City may have water services to the property disconnected. All sewer service charges to any building or structure or unit remaining unpaid 30 days after due date shall become a lien against and upon the lands to which service has been furnished to the same extent as the lien for special assessments lo the City of Coral Gables, with the same penalties and the same rights of collection and sale as would apply for Coral Gables taxes.
4. To pay the entire cost of whatever facilltles are required from the source of the sewage to the point of connection with the Coral Gables system.
5. To furnish the City Attorney with a copy of the deed for each unit of property making outside connection.
6. To install and maintain facilities for such pretreatment of wastes as may from time to time be found necessary to render the wastes suitable for handling and treatment by the City without creation of nuisances. Under operational difficulty, the reasonable determination by the City and the City consulting engineers shall be binding. The following shall be required in all cases:
 - a. Grease separation facilltles without exception.
 - b. Comminutors, except where flow is directly to a City comminutor.
 - c. Screens at the discretion of the City in cases of laundries and similar sources of rags, string and lint.
 - d. Prechlorination in case of long force mains
7. To provide the City with plans and specifications in quadrupilcate for applicant/customer sanitary sewer facilities as prepared by a registered civil engineer, licensed to practice in the State of Florida and fully experienced and qualified in the design of sanitary sewer systems. Said plans and specifications shall be reviewed by the City and returned to the applicant/customer marked for revision until the plans are returned marked approved and signed as such by the Director of Public Works. A composite plan/profile survey of existing utilities shall be prepared of each Coral Gables right-of-way through which a pipeline run is proposed, showing the exact relationship between and among all existing and proposed facilities. The City may refuse to process the plans unless the composite picture is complete, so that the most feasible route with the least inconvenience to residents may be confirmed by the Director of Public Works.

8. To provide a cut-off valve at the point of connection with the Coral Gables system. This cut-off valve shall be shown and described in the above plans and specifications.
9. To provide the City with a letter from said licensed/registered engineer stating that said engineering services have been retained to provide full-time resident inspection during construction and installation of said facilities. Upon completion of the installation, said engineer shall certify in writing that the work has been fully and properly installed, and that infiltration is within allowable limits.
10. To have proposed installation shown on said approved plans and specifications constructed and installed only by a fully licensed and qualified contractor, who shall also obtain all prerequisite construction permits from each agency having Jurisdiction prior to initiating work in the field. The Public Works Director may withhold or withdraw issuance of City right-of-way permits if compliance with portions of Step II Implementation by the applicant become overdue.
11. To keep City informed of work progress and connections inside and outside the City so that City inspectors may confirm the integrity of the facilities at each key point.
12. To be solely responsible for continuing maintenance and operation of said facilities. The City reserves the right to inspect the facilities and to require the applicant to have timely repairs made, where infiltration or other defects are adversely affecting the cost and operation of the City's sanitary sewer system. Failure of the applicant customer to remedy defects shall be cause for termination of the agreement and disconnection of the service. The occupants or tenants of the connected property shall be informed by the customer that the City is not responsible for such maintenance and operation.
13. To not permit any other connection to the customer's connecting lines to the City system except those listed in the agreement. Any additional connections, if permitted, shall be subject to approval by the City as stated herein, and the original connection charge shall be increased to reflect the additional sewage added. Additional connectors also shall furnish the City with prior written approval by the original owner of the line and all prior connectors to said line.
14. To limit the peak sewage flow from the outside sewer connection insofar as the property, zoning, size, type and/or density of the facility herein approved for connection, and any proposed change thereto which would generate significant increase in peak sewage discharged into the Coral Gables sanitary sewer system shall require prior approval by Coral Gables for such increased sewage discharge in accordance with the terms of this resolution.
15. To provide that the monthly charge computed at the volumetric base rate be multiplied by a value of unity for a monthly average BOD of 250 ppm or under, said value to be increased by a surcharge factor of 1/4% per part per million of monthly average BOD in excess of 250 ppm, as follows and as interpolations thereof:

<u>MONTHLY BOD</u>	<u>MULTIPLIER</u>
250 ppm or less	1.000
260	1.025
270	1.050
280	1.075
290	1.100
300	1.125
400	1.375
500	1.625
1000	2.875

16. To provide for and bear the cost of sampling with suitable sampling facilities when reasonable case for sampling exists. The City shall give the customer or tenant reasonable notice when sampling is necessary, and qualified City representatives shall thereafter perform the necessary sampling as efficiently as possible.
17. To reconnect to the City sewer system at the customer's expense in a manner acceptable to the City, when sewerage is completed to a new area in the City which can more efficiently and effectively serve the customer's outside connection.
18. To provide liability insurance in the amounts required by Resolution No. 22601, naming the City of Coral Gables as additional insured, and covering any damages to public or private property due to a failure in the customer's facilities. A certificate of insurance shall be required at the execution of the agreement in a form acceptable to the City of Coral Gables.
19. To provide a maintenance bond or other surety in the amount of five (5) percent of the construction cost to assure timely repair of the customer's facilities should a failure occur, said surety to run in perpetuity or until the connection is no longer required.
20. To bear the expense of recording the agreement encompassing the above terms in the Public Records of Dade County, Florida, and said agreement shall be a covenant running with the land which will state that the owner will not convey or cause to be conveyed the title to the above property without requiring the successor in title to abide by all of the terms and conditions of said agreement.

If after a review of the foregoing documents and terms which regulate all outside connections, the applicant still wishes to pursue Step II of the application, the applicant shall then request in writing to the City Manager that the matter be placed on the agenda of the next regular commission meeting for consideration by the City Commission. No reliance for approval by the City Commission shall be assumed by the applicant before approval by the City Commission publicly assembled in regular or special session.

If the City Commission approves the application for outside connection, the applicant shall then have his or her consultant prepare all plans and specifications for the connection facilities for review and approval by the Director of Public Works, as required by the above Agreement Terms. Upon approval of said plans and specifications by the Director of Public Works, the applicant shall arrange to meet with the City Attorney for the purpose of executing the agreement for the outside connection and to pay concurrently the connection fee established hereinabove

PASSED AND ADOPTED THIS TWENTY-SECOND DAY OF NOVEMBER, A.D. 1983.
